Tomcate Information

Your private Tomcat is setup for williambdavisjr.com.

Your temporary preview link for your container until your domain name has fully propagated:
<http://jpcloudusa018.nshostserver.net:33166>

Once your domain has propagated fully, you will no longer need to use the temporary url and port.
(If no port is list above you will receive another email with the port number)

Upload files to williambdavisjr.com/tomcat/webapps/ROOT/ or you may create your own webapp in the webapps directory.

Heres a link to our JAVA knowledgebase articles. [JAVA hosting KB](#)
If you're new to tomcat hosting please read this. [New to Tomcat in the Cloud](#)

SHELL Login Information

SSH: jpcloudusa018.nshostserver.net
Username: williamb
Password: sS0w8fF75l

Domain Registration

If you registered a domain, please allow 12 to 24 hours for DNS propagation.

If you are using an existing domain with your new hosting account, you will need to update its nameservers to the ones listed below:

Nameserver 1: ns1.nshostserver.net
Nameserver 2: ns2.nshostserver.net
Nameserver 3: ns3.nshostserver.net

If you are using a 3rd party DNS, then simply update your A records to 207.244.103.195

Email Settings

For email accounts that you setup, you should use the following connection details in your email client:

POP3 Host Address: mail.williambdavisjr.com
SMTP Host Address: mail.williambdavisjr.com
Username: The full email address you are checking email for
Password: As specified by you when you setup emails in your control panel.

For more detailed instructions on configuring email clients, please see: [Configuring Email Clients](#)

We also recommend going through the [SiteWorx section of our knowledgebase](#).

Package Cancellation

If and when you decide to cancel this package, please use the cancellation procedure by logging into client login,

click on "My Service"s and then select the package details to find the "Request Cancellation" button at the bottom.
We're unable to accept cancellations by phone or email.

Thank you for choosing us!

PS: Please don't hesitate to let us know if you have any questions or concerns.

We use a ticketing system to help us stay on top of queries and provide you with the best service possible. You can submit and track your tickets within your [client area](#).
